Number of patches _____ x \$2.00 = \$ _____ (total amount enclosed)

Mail top portion of this page and check to:
Attn: Recycling Patch, #4 Ginger Creek Parkway, Glen Carbon, Illinois 62034
1-632066

B. Do at least one of the activities below:

- Make your own recycled paper from scrap paper you have lying around.
- Play a recycling game.
- Make recycling posters to hang up at your home or school.
- Do a comparison between a recycled product and a non recycled product. For example, if you choose recycled paper, does it fold differently or look different when you write on it? Does it rip easier or is it stronger?
- Make your own traveling recycler for the next time you do an activity at a place that only has trash cans.
- Do a trash hike, but sort the garbage into recyclables and non recyclables (use gloves!), then take the recyclables to a recycling center.
